

Trainwreck Express

Based on the designs of Ken Fischer

From Kelly '90 schematic
with UR12's revisions
to correlate with
Francesca photos

D- all diodes 1N4007

* May need to change values to achieve correct bias. See:
[http://ampgarage.com/forum/
viewtopic.php?t=1338&highlight=express+bias+resistor](http://ampgarage.com/forum/viewtopic.php?t=1338&highlight=express+bias+resistor)

* Show in many TW schematics
as a single 18k2 4W resistor,
but usually implemented this way
